Dear Alumnus,

A brand name is created for an academic institution through its students. Fr.CRIT, too has created a brand of Discipline and Holistic development with the help of our students who gained name and fame as rank holders and extracurricular achievers. Beyond that the Fr.CRIT standard of striving for success was spread by our Alumni in various industries and I am proud to say as entrepreneurs.

The Fr.CRIT Alumni association today boasts of nearly 5000 ex-students on its roll. Since change is the only constant, I would like to call upon all our Alumni to help their alma mater take giant leap towards innovative change and a progressive environment.

You could as ambassadors of the institute, help in collaborative effort with the academic and industrial world at large. Here are certain ways in which this could be achieved.

1. Coordination of alumnus amongst each other
2. For current students
 - a. Arranging Industrial visits
 - b. Recruitment
 - c. Industrial Projects
 - d. Counseling for higher studies India and Abroad
3. Collaborative research of alumnus with our institute.

I would like to welcome suggestions for further improvement from bright young minds like you.

Let us together put Fr.CRIT on the map of academic institutes renowned for nurturing and creating leaders for tomorrow.

Dr. S M Khot
(Principal)
Fr.CRIT, Vashi
