

## **Institute Profile**

Fr. C. Rodrigues Institute of Technology was established in 1994 in the heart of Navi Mumbai, Vashi, as a part of Agnel Technical Education Complex. The main aim of the Institute is to provide quality technical education in addition to inculcating moral values to its students. Apart from academic excellence, the campus is also reputed for its extensive facilities that have led to it being awarded an “A” grade by the Directorate of Technical Education, Maharashtra right from its inception. The institute is affiliated to the University of Mumbai and it has applied for renewal of accreditation of its courses which were earlier accorded accreditation by the National Board of Accreditation, Delhi. The Institute has the following MISSION.

- To provide industry oriented quality education & training.
- To provide holistic environment for overall personal development.
- To bring to full blossoming the potential in every student.
