

FCRIT

**ETAMAX**

**ESPERANZA**

STUDENT COUNCIL 2020-21

## **FCRIT - ETAMAX 2021**

As Engineering aspirants, we have been well taught about Newton's laws of motion. One being, "a body continues to remain in inertia till an external force acts on it." ETAMAX is that external force that will push students into a world of excitement and opportunity. A platform around the interest of students to express talent and sharpen skills. Aware of the on-going pandemic, we have experienced a paradigm shift and are adapting to it. Certain changes may have been tedious, however fruitful. We hope, ETAMAX 2021, that comes with its transforms, flourishes and leaves a mark. Our goal is to make sure we are able to reach each and every student. We, The Council of 2021, hope to overcome the barriers so as to satisfy the zest of our fellow students.

### **THEME: ESPERANZA**

*(etymology- Spanish for HOPE)*

In the magnitude of being held like clouds, containing great potential, ETAMAX ESPERANZA lets you wring out the rain of potential. It's your choice to let these drops fall, like pearls in the spotlight provided so as to experience a rainbow of mysteries unfolding.

The outcomes too many to be a part of something mediocre, will unite to form a choir of brotherhood singing a harmony of hope to those in darkness. A bond created through a broadband, to enlighten lives, depicting humanitarian strength and brotherhood. Giving masses, the joy of being a part of something hopeful, in times of distress. Let us brighten our world with smiles that soar with hope in the wonder of new glorious beginnings.

Confinement is subjective and can have two sides. We have been in a cavalcade of misfortunes and catastrophes. The lens through which we perceive the world is possibly blurred and smudged with prints of these events, portraying an ambiguous picture of what lies in store. We have been captives of our monotony, imprisoned by idleness and moreover, enslaved by the jargon of boredom. While anticipating the zag, when everything is zig, the council is to your rescue.

### **ESPERANZA: OUR CAUSE**

Tis' hope gives us humans a purpose to live, a motive to look forward to another day. When hope is lost, life is bland yet bitter. With our theme, ESPERANZA, the unscathed wish to offer moments of sunrise to those in darkness. We want to point towards the silver lining that is somewhere within our sight. Through this fest, we want to convey a simple yet effective message by creating a montage of the victims and their families of FCRIT. We want to make sure people find their way into a savoury life, in spite of the forfeiture. We offer not just our condolences and heartfelt warmth, but also immense support to the affected. We salute the bravery and also commendable positivity to keep life on track.

## **CULTURAL EVENTS**

### **COMPETITIONS:**

1. Solo dance
2. Duet dance
3. Solo singing
4. Duet singing
5. Slam poetry
6. Wordsworth
7. Fashion event
8. Mono acting
9. Short film
10. Treasure Hunt
11. Descriptive Sketching
12. Photography
13. Funny Reels
14. Jingle Bells
15. Cook off Challenge (Masterchef)
16. Mehendi
17. Mask painting
18. FCRIT Jeopardy
19. Dumb Charades
20. Mr. and Ms. ETAMAX

### **WORKSHOPS/SEMINARS:**

21. Dance
22. Self defence
23. Beatboxing
24. Yoga
25. Zumba
26. Emotional Intelligence

## **TECHNICAL EVENTS**

### **COMPETITION:**

1. Bug Hunter
2. Code-O-Quick
3. Website design
4. Poster Presentation
5. Mock Recruitment
6. Technical Treasure Hunt

7. Marketing and sales
8. Technical debate
9. Quizx
10. Technical paper presentation
11. Hackathon
12. CAD master
13. Ideathon

#### **SEMINARS/WORKSHOPS:**

14. Game development seminar
15. Machine learning
16. Cryptocurrency
17. Ethical hacking
18. Digital marketing
19. Electric vehicles
20. Higher studies
21. Robot operating system
22. Telecom based webinar
23. Stock market
24. Augmented reality (Snapchat filters)
25. App development

### **SPORTS, GAMING AND FUN EVENTS**

#### **Sport Event**

1. Chess

#### **Gaming**

1. Rocket league
2. Valorant
3. COD mobile
4. CS:GO

#### **Fun Events (Competitive)**

1. Fitness exhibition
2. Among us
3. Skillshot

## **CULTURAL EVENTS**

### **COMPETITIONS**

#### **1) SOLO DANCE:**

Come glow in the limelight and shake a leg to a ditty of your choice!

**Platform-** Microsoft Teams

**Auditions:** pre-recorded video

**Final round:** pre-recorded video

**Streaming platform:** YouTube LIVE

#### **2) DUET DANCE:**

If you stumble, make it a part of your dance.

Practice like you've never won, perform like you've never lost!

**Platform –** Microsoft Teams

**Auditions:** pre-recorded video

**Final round:** pre-recorded video

**Streaming platform:** YouTube LIVE

#### **3) SOLO SINGING:**

Music conveys tenderness and conviction without language. Someday, when there isn't a song in your heart, Sing anyway!

**Platform-** Microsoft Teams

**Auditions:** pre-recorded video

**Final round:** pre-recorded video

**Streaming platform:** YouTube LIVE

#### **4) DUET SINGING:**

You can cage the singer but never the song. If you and your partner can hit the perfect rhapsody, come along and enthrall us with your melody.

**Platform-** Microsoft Teams

**Auditions:** pre-recorded video

**Final round-** pre-recorded video

**Streaming platform:** YouTube LIVE

#### **5) SLAM POETRY**

"All the world's a stage, and all the men and women merely players."

Bring out your inner Shakespeare and use this stage to the fullest. Place the best words in an order that springs out from genuine feelings.

**Solo participation**

**Platform-** Microsoft Teams

**Final round:** LIVE narration

#### **6) WORDSWORTH:**

(Creative Speaking)

Everything you can imagine is real!

Take your imagination to the limitless horizon and fetch creativity from its abyss.

A story prompt will be given to each team at the start. The team members can discuss their story structure in 3 minutes. After the provided 3 minutes, one of the team members has to begin narrating the story. While doing so, he/she will be interrupted or asked to pause, as the other member will be asked to resume the narration from the stopped section.

**Platform-** Microsoft Teams

**Final round:** LIVE

## **7) FASHION EVENT:**

(The clashes of colour)

“Fashion has to do with ideas, the way we live and what is happening” Try with everything in your closet pairs and put together an elegant outfit to inspire others and splash in your special trait of pizzazz. And do it with fashion or not at all!

**Final Round:** Submit your pictures and videos in one single folder on the drive link provided.

**Platform-** Microsoft Teams

**Final round-** pre-recorded video

## **8) MONO ACTING:**

Shoot a pre-recorded video of yourself performing an act.

Time duration 5 to 6 minutes.

Submit it on google drive. Link will be provided.

**Platform-** Microsoft Teams

**Final round-** pre-recorded video

## **9) SHORT FILM:**

Shoot a pre-recorded video of yourself performing the act.

Submit It on google drive. Link will be provided.

5-6 members can participate in this event.

**Platform-** Microsoft Teams

**Final round-** pre-recorded video

## **10) TREASURE HUNT:**

Often, the treasure remains hidden within the few pages of life you skipped reading. The event will have password protected pdfs. Access to the first pdf will be provided. The next will follow a chain, such that the password of the next pdf will be the answer of the previous pdf. Each pdf will consist of clues which could be riddles, movie names etc.

**Team Event**

**Mode of Conduction:** LIVE

**Platform-** Microsoft Teams

### **11) DESCRIPTIVE SKETCHING (PAPER AND PEN SKETCH):**

This is a sketching event. Theme will be given to the participant. A detailed description of a picture will be provided to the participants at random and the participant who will be able to create a sketch with near preciseness to the original picture will be the winner

**Time limit:**1.5hrs

**Mode of Conduction:** LIVE

**Platform-** Microsoft Teams

### **12) PHOTOGRAPHY: (Shutter Up)**

This opportunity isn't what marks you on what you have clicked, but we are also curious to know your thoughts behind capturing. Let's bring in! Your world with your perspective and thought processes! It's a stage for all. Let's Shutter Up our camera and our gallery so that others can also get the taste of that beautiful image you have had.

You have to click a picture of any NON-LIVING THING and it should be IN HOUSE PHOTOGRAPHY.

**Solo participation**

**Mode of Conduction:** Pre shoot

**Platform:** Microsoft Teams

### **13) FUNNY REELS**

If you've been creating content on the 'gram lately and may have tried out their cool, new feature: Reels. Bring out your comic side to tickle that funny bone. All submitted reels will be submitted to the judges via a link and the one that has the judges in splits, wins.

**Mode of Conduction:** pre-recorded video

**Platform:** Microsoft Teams

#### **14) JINGLE BELLS**

Are you good with the one liner? Can you do improv? Brace yourself and pluck up your courage. It is better to be prompt and organised than to be remiss.

Participants will have to create a rhyme or a punchline on a provided product/object.

**Elimination:** Pre phase

**Final:** Pre recorded

**Platform:** Microsoft Teams

#### **15) COOK OFF CHALLENGE:**

“Cooking is like painting or writing a song. Just as there are only so many notes or colours, there are only so many flavours- it’s how you combine them that sets you apart.” This event is completely based upon showcasing your culinary skills and being the MasterChef 2021 of the Cook-Off.

There are two rounds in this challenge:

Fire Free Cooking – A participant has to present a dish which is made without using any sort of cooking (fire or steam).

Theme Based Cooking (Theme – Rainbow) – Participants are free to showcase all kinds of cooking skills but it must relate to the theme.

**Mode of Conduction:** Pre-recorded

**Platform:** Microsoft Teams

#### **16) MEHENDI:**

“I have enough mehendi”, said no bride ever!

Mehendi that is cherished and adored by brides is not only about swirls and lines but much more than that. Come and design your palm and be palm-tastic.

**Mode of Conduction:** Pre-recorded time lapse videos

**Platform:** Microsoft Teams

### **17) MASK PAINTING :**

For almost a year now we've gotten a habit of wearing a mask, it's included in our attire, to make it look stylish we came up with an event where the participants have to paint a white mask based on a theme given by us.

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **18) FCRIT JEOPARDY**

Jeopardy! is a unique quiz-game in which the players are given questions from various categories. The answers to which earn them a certain cash prize, in turn is added to their balance. Different questions earn them varied amounts based on the difficulty of the question. Since you can win or lose money with every question, your money is always in "Jeopardy!"

**Team event:** 3 members

**Mode of Conduction:** LIVE

**Platform-** Meet

### **19) DUMB CHARADES**

"Please give me some time? "

We often say this when the invigilator takes our paper. And everyone out here must've witnessed the importance of time while playing dumb charades.

Assemble your avengers and play dumb but don't be dumb ;)

**Team event:** 3 members

**Mode of conduction:** Live

**Platform:** Meet

## **20) MR AND MS ETAMAX**

*This is your moment. Own it.*

It's beauty that captures your attention; personality that captures your heart. Are you ready to capture hearts by giving a glimpse of your personality to thousands of people as we give y'all an opportunity to show everyone who you really are!

**Platform:** Meet

**Mode of conduction:** Live

## **WORKSHOPS AND SEMINARS**

### **21) DANCE WORKSHOP:**

Life is like dancing – it's not about getting from one place to another. It's about enjoying each step.

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **22) SELF DEFENCE WORKSHOP:**

Self-defence is so important to know in today's society. It's not just that you might get mugged. It's more for confidence. It's the way you hold yourself when you walk into a room. Learn to be enterprising in how much ever stressful of a situation and prepare yourself for any unexpected situation!

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **23) BEATBOXING WORKSHOP:**

Who is the most unique boxer?

A Beatboxer

Learn the knack to create a pleasing symphony of vocal percussion beats using absolutely no instruments and daze everyone with your new-fangled talent.

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **24) YOGA WORKSHOP:**

An amalgamation of several physical, mental practices and disciplines from ancient India. Come gain an understanding of the art of uniting your mind, body and spirit. Participants are requested to carry your own yoga mats.

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **25) ZUMBA WORKSHOP:**

Yield to the alluring episode of a beautiful dance form as a fitness routine. Mellow out from your usual workout session and stand by to sweat it out to some peppy numbers! Limited seats available.

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

### **26) EMOTIONAL INTELLIGENCE SEMINAR:**

EQ plays a very important role from creating positive social interactions to achieving goals in our lives. EQ>>IQ (always). But one question arises... How does one become emotionally intelligent? Be a part of this workshop to get answers to all your questions and get insights that will help you in enhancing your self-confidence and much more!

**Mode of Conduction:** Live

**Platform:** Microsoft Teams

## **TECHNICAL EVENTS**

### **COMPETITIONS**

#### **1) BUG HUNTER**

Hello, coding ninjas! Here's something to show off your coding skills. This competition is all about finding bugs and resolving them. A code/program would be given to the participants as a problem statement which would contain many bugs, i.e., errors within the code. The participants have to find the bugs, resolve them and finally bring the final output after debugging the entire code.

**Mode of conduction-** Ms Teams

**Software used-** online compilers/Turbo C, BlueJ

#### **2) CODE-O-QUICK**

Want to show your fast coding skills? Then this event is for you. In Code O Quick, the participants would be given a short problem statement. The one who cracks the code first wins. You can use any logic to derive the final outcome. So, get your seats and show us your fast coding skills.

**Mode of conduction-** Ms Teams

**Software used-** online compilers/Turbo C, BlueJ

#### **3) WEBSITE DESIGN**

With a growing increase of businesses online, web design has become the need of the hour. We are bringing to you the Website Design Competition where you can flaunt your creativity and designing skills by making the best website design you can think of. This competition offers an excellent platform for students to exhibit their elegant, unique and user-focused website designs.

**Mode of conduction-** MS Teams

**Software-** Figma

#### **4) POSTER PRESENTATION**

Come test your designing skills in the technical poster presentation! Try to let a poster do most of the 'talking' for you. Your poster should convey the essence and aggregate of your project. The participants have to upload their project and poster on the given drive link and the candidates would be given a chance to present their posters.

**Platform-** MS Teams

#### **5) MOCK RECRUITMENT**

The process of recruitment is a rat race. "You're Hired!" are the three words every engineer wants to hear. Want to test your skills before the real process? Then this event is a great opportunity for you. The participants would be tested on their aptitude, technical and communication skills.

**Mode of conduction-** MS Teams

#### **6) TECHNICAL TREASURE HUNT**

Technical Treasure Hunt is an information-based scavenger hunt in which teams use their collective brainpower and knowledge to solve clues. Each team is presented with a group of puzzles, or clues, which they must solve in order to find the next piece of information. Join hands to unravel the secrets and utilize your resources to find this treasure.

**Mode of conduction-** Ms Teams

#### **7) MARKETING & SALES**

Soft skills are a cluster of productive personality traits that characterize one's relationships in a milieu. We all know how crucial Marketing and sales are in this ongoing life to achieve a profit and compete on a larger scale. This domain is the action or business of promoting and selling products or services, including market research and advertising.

Here, you will be given a product or task to be advertised and thus, convince the party to buy your product.

**Mode of conduction-** MS Teams

## **8) TECHNICAL DEBATE**

“For good ideas and true innovation, you need human interaction, conflict, argument and debate”. The foundations of any thriving society are an arduous, engaging dispute that will compel you to put your critical thinking, communication and analytical skills to gain an intellectual edge and claim supremacy over rival propositions regarding the technological issues in today's scenario. A topic will be given to all the teams and a preparation time of 10 minutes will be given. There will be an elimination round of 5 minutes. The 2nd round will be a knockout round between the qualified 10 teams with a preparation time of 10 minutes and a debate time of 5 minutes. Semi-final and final rounds between the top 5 teams would be with a preparation time of 5 minutes and a debate time of 5 minutes.

**Mode of conduction-** MS Teams/Airmeet

## **9) QUIZX**

It is said that "Knowledge is Power" since knowledge is the fuel that drives human life. But knowledge has no worth if not presented at the right place and at the right time. Do you want to challenge your technical knowledge and your current affairs awareness? Then we have just the right thing for you: an all-round quiz to prove yourself. Turn up for an intense bout of quizzing and race with your peers to solve the given questions. The first-round will be based on the technical knowledge related to your stream and the second round would be related to general knowledge and current affairs.

**Mode of conduction-** MS Teams

## **10) TECHNICAL PAPER PRESENTATION**

Presentations are an indispensable part of the corporate sector. Present your innovative ideas and showcase your technical acumen to our panel of experts with your amazing presentation skills. Prepare a presentation and unleash the speaker in you to grab exciting prizes!

**Mode of conduction-** MS Teams

## **11) HACKATHON**

A hackathon is a competition designed to encourage participants to apply their knowledge, creativity and skills towards solving problems we face in our daily lives and thus inculcate a culture of product innovation and a mindset of problem-solving. Anticipate and challenge off-the-book obstacles that bring out the engineer in you. Put yourself to the test, where presenting economical and practical solutions that are equally pertinent and innovative becomes of utmost priority. This virtual event is spread where teams will clash to find out who comes out victorious!

**Mode of conduction-** MS Teams

## **12) CADMASTER**

CAD MASTER is open to students for displaying their talents in digital design skills. Transform an idea from its description to its design in reality via CAD. This event aims to evaluate the skills and modelling abilities of the participants. Challenge the designer in you with our complex CAD modelling problems and acclaim the title of CADMASTER.

**Software-** AutoCAD

**Mode of conduction-** MS Teams

## **13) IDEATHON**

The Ideathon is the perfect opportunity for students with potential and creativity to showcase their original thinking and problem-solving aptitude. Participants work in teams to brainstorm on possible solutions. Problem statements would be provided beforehand. The abstracts would be assessed and based on that the teams would be selected for the presentation of the idea.

**Mode of conduction-** MS Teams

## **SEMINARS:**

### **14) GAME DEVELOPMENT SEMINAR**

Hola gamers! We all know that this era is all about playing games. Want to learn how to develop one? This seminar will be your first step towards it. Making games is a creative and technical art form. In this session, you will familiarize yourself with the tools and practices of game development. So, gear up!

**Mode of conduction-** MS Teams

### **15) MACHINE LEARNING**

We all know that our brain does all the decision making and predictions for us. But did you know machine learning helps the computer make the decisions for us? Machine learning plays an important role in our day-to-day life. It is the best and latest technology to learn in this era. So, what are you waiting for? Enroll for the seminar and get ready to master the art of Machine Learning.

**Mode of conduction-** MS Teams

### **16) CRYPTOCURRENCY**

A cryptocurrency is a medium of exchange, such as the US dollar, but is digital and uses encryption techniques to control the creation of monetary units and to verify the transfer of funds. Ever heard of Bitcoin- the well-known cryptocurrency? Do you want to learn how the concept of cryptocurrency rules the world? If so, this platform will be most beneficial for you.

**Mode of conduction-** MS Teams

### **17) ETHICAL HACKING (CYBERCELL)**

Everyone wants to keep their social account very secure so that any unauthorized user cannot access it. By learning Ethical Hacking, you can learn various security mechanisms to ensure the safety of your social and other accounts and also concepts related to authenticating hacking. Ethical hacking involves an authorized attempt to gain unauthorized access to a computer system, application, or data. This seminar is a wonderful opportunity to hone up your skills and interests.

**Mode of conduction-** MS Teams

## **18) DIGITAL MARKETING**

Digital marketing refers to advertising delivered through digital channels such as search engines, websites, social media, email, and mobile apps. Using these online media channels, digital marketing is the method by which companies endorse goods, services, and brands. Digital marketing is becoming popular due to the increase in internet users, mobile phone users and digital content consumption. Hence FCRIT has introduced a DM seminar that will cover topics from basic to advanced levels (Social Media Marketing, Blogging, Search Engine Marketing).

**Mode of conduction-** MS Teams

## **19) ELECTRIC VEHICLES**

The Electric Vehicles have taken the world by a storm in recent years, spearheaded by Tesla which now has worldwide revenue of \$11.8 Billion. Electric Vehicles are playing a larger role in popular modes of transportation. They are currently enjoying relative popularity in countries around the world for their eco-friendly nature. In this seminar, the speaker will talk about the engineering philosophy of the system of electric vehicles.

**Mode of conduction-** MS Teams

## **20) HIGHER STUDIES**

Looking at the prerequisites of industries, higher studies have become an important necessity. It is important for engineers to widen their knowledge and skills so as to work in their chosen field. The role of an engineer is changing in the industry who has to implement new practices and new technologies. As a part of this initiative, this seminar is held to create awareness amongst students about the Technical and Management career options to guide and help them to climb the hierarchical ladder of success in their careers.

The webinar will be interactive with opportunities to pose questions. We also have qualified speakers to offer shared experiences and examples for you.

**Mode of conduction-** MS Teams

## **21) ROBOT OPERATING SYSTEM**

Humans have always been fascinated by Robots, be it Leonardo's Mechanical Lion or the Turk. We have always tried to build things that resemble us or natural beings around us.

ROS is an open-source, meta-operating system for your robot. It provides the services you would expect from an operating system, including hardware abstraction, low-level device control, implementation of commonly-used functionality, message-passing between

processes, and package management. Many robotics researchers, including ourselves, have previously created a wide variety of frameworks to manage complexity and facilitate rapid prototyping of software for experiments, resulting in many robotic software systems currently used in academia and industry. ROS is an upcoming, on-going and developing field for our artificial stimulation environments.

**Mode of conduction-** MS Teams

## **22) TELECOM BASED WEBINAR**

We all know that Telecommunications, also known as telecom, is the exchange of information over significant distances by electronic means, referring to all types of voice, data and video transmission.

Currently, India is the world's second-largest telecommunications market with a subscriber base of 1.16 billion and has registered strong growth in the last decade. We are moving towards digitisation and digitalisation with the help of future generation technologies and all of this can only be possible by fast speed networking and data sharing services that can only be given by the next-generation mobile networks (5G onwards) by the telecom sector. This is the future of telecom. Rush in fast to know more about the advancements and the near future.

**Mode of conduction-** MS Teams

## **23) STOCK MARKET**

An educated investor is a confident investor.

“Want to learn about stock markets and investing in detail from the experts in the field?” Then we have just the right workshop for you. Get to know about the trading of shares of the companies and all the processes at one place! The objective of the seminar is to give the exposure and understanding of stock market operations to the students.

**Mode of conduction-** MS Teams

## **24) AUGMENTED REALITY (SNAPCHAT FILTER)**

One of the key features of the immensely popular messaging app, Snapchat, is the ability to add filters and effects on live media using augmented reality, with 70 million users a day interacting with AR lenses within the app. Working with templates for 2D and 3D designs, you'll be able to add animations, movements and effects perfectly superimposed on the media you upload to the app. In this workshop, we'll show you how to design, code and deploy your own AR objects using Lens Studio.

**Mode of conduction-** MS Teams

## **25) APP DEVELOPMENT**

Apps are no longer simply constrained to our phones, instead, they cross creative boundaries and enhance our lives in new ways. They are increasingly embedded in aspects of every day, changing the ways we interact with our environment, engage with our hobbies, work and play. Such diversity widens the potential for app development. This workshop will allow you to experiment with applying your creative and artistic skills within an app development context and learn new techniques and skills in a supportive environment made up of a community of makers, creatives and artists.

**Mode of conduction-** MS Teams

## **SPORTS, GAMING AND FUN EVENTS**

### **SPORTS**

#### **1) CHESS (Online)**

Chess is a two-player strategy board game played on a checkerboard with 64 squares arranged in an 8x8 square grid. Play involves no hidden information. The game will be held online on <https://www.chess.com/> where the results and moves of each game are visible. Each and every game will be proctored and players will be matched against each other in a tournament format and the winner of each match will move on to the next round.

### **GAMING**

#### **1) ROCKET LEAGUE**

Rocket League is a high-powered hybrid of arcade-style soccer and vehicular mayhem with easy-to-understand controls and fluid, physics-driven competition. Hit the field with your friends in a 2v2, 3v3 or a 4v4 Online Mode. It is a free to play game which can be claimed on the EPIC GAMES STORE. Every game will be supervised and the players will be competing against other teams in a tournament format and the qualifying team of each match will move on to the next round. The last two teams standing will be competing in the final. Winner takes it all!! The field is waiting...Take your shot!!!

#### **2) VALORANT**

Valorant is a team-based tactical shooter and first-person shooter set in the near-future. Free to play on RIOT GAMES, players play as one of a set of agents, characters designed based on several countries and cultures around the world, a competitive game wherein two teams of 5 members each will be competing against each other. Qualifying matches will be of (SPIKE RUSH, CUSTOM) which lasts around 10-15 minutes. Every match will be precisely supervised and the winner of each match will move on to the next round. Teams qualifying this round will be competing for the Semi-final and final matches (STANDARD, CUSTOM) which will be of duration 35-40 minutes. "Here comes the PARTY!"

### 3) CALL OF DUTY: MOBILE

Call of Duty Mobile is the battle-royale version of the iconic series of the Call of Duty, available on Play-Store. Choose your favorite character from Call of Duty Black-Ops and Modern Warfare. Make various strategies with your team-mates along with your skills and get that WIN. Participants will compete in Battle-Royale (Private) and the last team to survive will win the match.

### 4) CS-GO

Counter-Strike: Global Offensive (CS: GO) is a multiplayer first-person shooter video game free to play on STEAM, where aim, reflex and recoil counter are the Holy-Grail of winning.

Qualifying round will consist of a Deathmatch (CUSTOM) where 2 teams of 5 members each will be competing against each other lasting for 10-15 mins. Teams with the highest score will be qualified for the next match. Competitive (CUSTOM) will be followed for the teams qualifying the previous match which will go for 40-45 mins. The final 2 teams will face each other and one winner will be decided. *“Remember! This is bandit country. Shoot everything that moves.”*

## **FUN EVENTS (COMPETITIVE)**

### 1) SKILLSHOT

An event organized for you, to flex your skills in your mastered sport through a video of minimum 10sec & maximum 1min. Top 3 videos will be chosen as winners by the Judge on the basis of how well they execute their move. *“Show them what it takes to be you!”*

### 2) AMONG US

Among Us is a free to play social deduction game that will be played in a lobby of 10 players. 2 of the players will be chosen at random via the game itself as imposters with an objective of eliminating the crewmates and taking over the spaceship. The crewmates will be given tasks at the start of each round in the form of minigames that they will need to complete in order to win the round. Every player will be awarded points based on every action that they take throughout the course of the round. The point distribution will be provided to the players beforehand. At the end of each game, the top 3 players on the basis of points will proceed to the next stage.

### **3) FITNESS EXHIBITION**

Exhibit your endurance and muscle attributes with a 1 minute video with each participant performing the following 5 exercises: Push ups, Burpees, Jump squats, Full crunches, Plank. It is a Direct Final type event where the video will be analyzed according to the rules and regulations and the winner will be decided by the judge.

## *Fr. C. Rodrigues Institute of Technology*

### *Vashi, Navi-Mumbai*

#### **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Zumba
2. **Activity/Event Venue & Date** : Zoom 25<sup>th</sup> February
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 74
5. **Student Coordinator** : Council Incharge - Ishika Gupta  
OC incharge- Sumedh Chinchmalatpure
6. **Teacher Incharge** : Sharlene R
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event** :
  - **a. Objectives** : To make students physically active and develop a workout routine with zumba for health and fitness.
  - **b. Technical/Cultural Description** : A workshop on the fitness workout dance routine by a professional zumba instructor.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Zumba to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
  - **d. Feedback** :

The event of Zumba was conducted on 25<sup>th</sup> FEBRUARY 2021 as part of ETAMAX 2021.

### *Vashi, Navi-Mumbai*

---

It was an online event scheduled from 10.30 am to 12 pm on the Zoom platform which had a great participation response of 74 students.

The instructor Pooja Vijay Shetty had motivated and encouraged the students to actively perform Zumba.

The students were shy to turn the camera on even after requesting them multiple times and only saw 8-10 students who had turned the camera on which helped the instructor to gauge whether the students are actively participating or not.

The committee members had done an excellent job in bringing up the trained professional and organising the event.

However, the role of the organizer was with the instructor in the zoom platform.

So it was an inconvenience as the event was for an hour and a half and the students had to re-join the event 3 times. Since, the instructor had a free account on Zoom platform.

Appropriate online platform should have been selected by the organisation committee to have a continuous streaming (Google meet, teams etc)

In short great effort by the committee members. Kudos to you all for the effort in making the event a success

- **c. Outcomes :** This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Solo singing to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
- **d. Feedback :** The solo singing competition organised under cryptex was well organised and planned. The event started on time and completed as per the schedule. It was managed and functioned smoothly by the student organizing committee. There were around 8 to 10 participants and all of them had given their best of the performances. But only two winners were selected for the first and the second position. Hearty congratulations to the winners.

# TREASURE HUNT

## INSTRUCTIONS

- 1) There will be 10 pdfs. 9 password protected pdfs and 1 open pdf.
  - 2) There is a google form in the password protected pdf, fill out the form and then proceed forward.
  - 3) Google form is mandatory.
  - 4) The password is in lower case.
  - 5) If the password is having more than one word then put a space between the words.
  - 6) The password to open the pdfs will be the answer to the previous question. For example, if the answer to the 1st pdf is abcde then the password to the 2nd pdf will be abcde.
  - 7) First 9 pdfs will contain the questions which they will have to solve and the last pdf will contain the link to the next SET.
  - 8) Round 1 will have 5 SETS.
- Let's get started !!

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Self Defense
2. **Activity/Event Venue & Date** : MS TEAMS/27-02-2021
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 48
5. **Student Coordinator** : Council Incharge - Mohit Kadam  
OC incharge - Selin Sara Varghese
6. **Teacher Incharge** : Mrs. Suchita Dange
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event** :
  - **a. Objectives** : SELF DEFENSE WORKSHOP : The main goal of the workshop was to showcase the creative side of the participants. The objective was to make the students feel free to participate and to get rid of their fear and flaunt their adroitness.
  - **b. Cultural Description** : Self-defense is so important to know in today's society. It's not just that you might get mugged. It's more for confidence. It's the way you hold yourself when you walk into a room. Learn to be enterprising in how much ever stressful of a situation and prepare yourself for any unexpected situation!
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of

5. **Student Coordinator** : Council Incharge - Manjiri Kherdekar  
OC incharge- Celine Fernandes
6. **Teacher Incharge** : Mrs. Sreedevi Nair
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event:**
  - **a. Objectives** : MASK PAINTING : The main goal of the event was to showcase the creative side of the participants. The objective was to make the students feel free to participate and to get rid of their fear and flaunt their adroitness.
  - **b. Cultural Description:** For almost a year now we've gotten into the habit of wearing a mask, it's included in our attire, to make it look stylish we came up with an event where the participants have to paint a white mask based on a theme given by us.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Maskpainting to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.

#### **Brief Activity/Event Report**

1. **Name of the Activity/Event** : EMOTIONAL INTELLIGENCE
2. **Activity/Event Venue & Date** : MS TEAMS 26<sup>th</sup> February
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 80
5. **Student Coordinator** : Council Incharge - Aaron Pereira  
OC incharge- Sumedh Chinchmalatpure.
6. **Teacher Incharge** : Prof. Megha Kolhekar
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event** :
  - **a. Objectives**: To make students familiar with the concept of EQ, visible signs of low EQ, causes and effects of low EQ.
  - **b. Cultural Description** : To make students familiar with the concept of Emotional intelligence and motivating students for being emotionally intelligent.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Emotional Intelligence to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
  
  - **d. Feedback** : The one-hour workshop on "emotional Intelligence" (26th February 2021) conducted by Ms. Pratyusha, during Etamax-2021, was a much-in-demand event. The speaker took the audience through the basic types of intelligence, unfolding what exactly is emotional intelligence through some examples. Causes and effects of low EQ, the visible signs of low EQ, and the basic necessity to

General Secretary

Etamax coordinator

# *Agnel Charities*

## *Fr. C. Rodrigues Institute of Technology*

### *Vashi, Navi-Mumbai*

identify one's personality were the issues handled in depth. The speaker also provided some useful early cues for children with low EQ. A very fruitful interaction among the speaker and audience resulted in many interesting questions answered very satisfactorily by the speaker. All in all, the workshop played an instrumental role in spreading awareness about EQ, understanding techniques to improve it and ways to deal with people around you based on this aspect. It was a great experience to be a part of this workshop.

#### **Brief Activity/Event Report**

1. **Name of the Activity/Event** : DESCRIPTIVE SKETCHING
2. **Activity/Event Venue & Date** : MS TEAMS, 26th February 2021
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 11
5. **Student Coordinator** : Council Incharge - Manjiri Kherdekar  
OC incharge- Soumitra Bhagdikar, Merin Ann Philipose
6. **Teacher Incharge** : Mr. Nanaji Kshirsagar
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event:**
  - **a. Objectives** : DESCRIPTIVE SKETCHING : The main goal of the event was to showcase the creative side of the participants. The objective was to make the students feel free to participate and to get rid of their fear and flaunt their adroitness.
  - **b. Cultural Description** : Are you creative enough to sketch a picture depending on the given circumstance? Then you are at the right place. Put out your intelligence and artistry together in your sketch to convince out the idea behind your description.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide

### *Vashi, Navi-Mumbai*

spectrum of knowledge related to Descriptive Sketching to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.

- **d. Feedback :** As a teacher in charge I found the concept Descriptive Sketching new and innovative. The topic given under this heading was summarized as “an astronaut giving a bunch of helium gas filled balloons representing planets to his loved one”. This topic also was covering the social & personnel aspects (gifting to loved ones), technical and intelligence aspects (helium filled balloons will always fly high) and imagination aspects. The event was successfully conducted. Student in charge and his team had done a good job in conducting event smoothly and successfully.

Common knowledge has bicyclists always riding into the wind, regardless of direction, a perception that is not as wrong as it may seem. On level ground, one rides as fast as is comfortable and because the bicycle is highly efficient, speed is limited by wind resistance. With a tailwind, speeding up until the wind is in one's face is fairly easy, and at that point it becomes a headwind.

#### **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Technical Debate Competition
2. **Activity/Event Venue & Date** : MS TEAMS, 25th February 2021
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 12 groups
5. **Student Coordinator** : **Council Incharge** - Shyann James  
**OC incharge**- Meenal Tiwari  
- Merin Ann Philipose
6. **Teacher Incharge** :- Mr. Rahul Jadhav  
- Ms. Shweta Tripathi
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : This event aims to check knowledge of students on technical topics and their ability to put their points forward and debate with the opponent team.
  - **b. Technical/Cultural Description** : "For good ideas and true innovation, you need human interaction, conflict, argument and debate". The foundations of any thriving society are an arduous, engaging dispute that will compel one to put their critical thinking, communication and analytical skills to gain an intellectual edge and claim supremacy over rival propositions regarding the technological issues in today's scenario. A topic will be given to all the teams and a preparation time of 10 minutes will be given. There will be an elimination round of 5 minutes. The 2nd round will be a knockout round between the qualified 10 teams with a preparation time of 10 minutes and a debate time of 5 minutes. Semi-final and

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : **Secrets of Branding Seminar**
2. **Activity/Event Venue & Date** : **Teams 25.03.2021**
3. **Nature of Participants** : **Students of Engineering**
4. **Number of Participants** : **50**
5. **Student Coordinator** : **Council Incharge - Gargi**  
**OC incharge- Ritu Khimasiya**
6. **Teacher Incharge** : **Amroz S.**
7. **ETAMAX Staff Coordinator** : **Dr. Nitesh P. Yelve**
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : To help learn and understand the role of brands and brand management in the modern world
  - **b. Technical/Cultural Description** : Brands are the most potent commercial and cultural force on the planet. Think McDonald's, Apple, Google or Harry Potter. Get under the skin of such brands, and ask how and why they become so powerful. Understand the role of brands and brand management in the modern world, and start developing your career in the sector. You'll get a rich mixture of theory and practical tools as well as insights and methods from the converging worlds of technology, design and brand.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to (name of event) to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
  - **d. Feedback** : **Efficiently handled. Good Teamwork.**

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : **Quiz-X Competition (Technical Quiz)**
2. **Activity/Event Venue & Date** : TEAMS, 27th Feb, 2021
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 58
5. **Student Coordinator** : **Council Incharge** -Shyann James  
**OC incharge**- Anya Gupta, Monish Meher, Payal Chatterjee
6. **Teacher Incharge** : Prof. Shweta T.
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : This event aims to check knowledge and awareness of the students regarding their engineering stream as well as general technical knowledge.
  - **b. Technical/Cultural Description** : It is said that "Knowledge is Power" since knowledge is the fuel that drives human life. But knowledge has no worth if not presented at the right place and at the right time. Quiz X is an intense bout of quizzing and racing with other contestants to solve the given questions; the first-round is based on the technical knowledge related to the stream and the second round is related to general knowledge and current affairs.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of

General Secretary

**Shagufta P.-** The paper presentation competition organised under cryptex was well organised and planned. The competition held made us aware of the recent developments in the technological area. The main objective of this event was to impart knowledge in its various aspects to the students. The event started on time and completed as per the schedule. It was managed and functioned smoothly by the student organizing committee. There were around 3 to 4 participants . But only one winner was selected for the first position. Hearty congratulations to the winner.

**Abstract**— Heart rate is the number of heartbeats per unit of time and is usually expressed in beats per minute (bpm). In adults, a normal heart beats about 60 to 100 times a minute during resting condition. The resting heart rate is directly related to the health and fitness of a person, and hence is important to know

This project describes an IC based heart rate measurement system that uses optical sensors to measure the alteration in blood volume at fingertip with each heart-beat. The sensor unit consists of an infrared transmitter and receiver placed side by side. The IR transmitter transmits an infrared light into the fingertip (placed over the sensor unit), and the receiver senses the portion of the light that is reflected back. The intensity of reflected light depends upon the blood colour inside the fingertip. So, each heart beat slightly alters the amount of reflected infrared light that can be detected by the photodiode. With a proper signal conditioning, this little change in the amplitude of the reflected light can be converted into a pulse which gives the heart rate of a person.

on the development of such methods into advanced health care systems based on body sensor networks.

Section 2 talks about all the different kinds of technical papers and articles referred by the team to grasp the complete knowledge of the topic. The choice of a suitable IC i.e. LM358, the method to calculate the pulse and working principle on which the project was based, all this knowledge was gathered by an in-depth research.

Section 3 describes step by step working of the Pulse meter using a detailed block diagram, proper circuit diagram as well as detailed working principle and a step by step approach for calculating the pulse, and the list of the different components that were required to build the project.

Section 4 provides the details of the project implementation both on the hardware and software level. This section also contains a pictorial representation of the working model and also the simulation of the circuit made using NI Multisim 14.0.

**OC incharge- Baniz Antony**
- 6. Teacher Incharge : Mrs. PRASEED KUMAR**
- 7. ETAMAX Staff Coordinator : Dr. Nitesh P. Yelve**
- 8. Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : This seminar aims to teach students about one of the emerging technologies 'Robotics Process Automation' and give them a clear idea about the same.
  - **b. Technical/Cultural Description** : The drive to automate back-office, data-entry-heavy processes is certainly not new. Enabling knowledge workers to spend less time connecting the dots for legacy systems and executing repetitive, simple tasks has been a worthy cause for decades. Robotic Process Automation (RPA) is software technology that's easy for anyone to use to automate digital tasks. RPA is shaping the new era of businesses and is also allowing the businesses to take better control over the scalability and performance and its contribution in every field right from IT, sales and many more!

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Google's Driverless Car Seminar
2. **Activity/Event Venue & Date** : Teams 27/02/2021
3. **Nature of Participants** : FCRIT, Vashi students
4. **Number of Participants** : 50
5. **Student Coordinator** : Council Incharge - Shyann  
OC incharge- Sanika Deshmukh
6. **Teacher Incharge** : Dr. Savitha Upadhya
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Resource Person** : Mr. Ravindra Pande - CTO / Partner at India Training Services. 27+ years of on-ground experience in IT. Has Global working Understanding The brief description of the algos involved in the Sophia and know-how of Driverless cars project by Google which has been implemented At Norway Airport and some other public places. Corporate Trainer for CYBER SECURITY, AI/ML, IoT, Strategy planning, PMO, SME, EBDTA, Process Information. Consulted to senior management of fortune 500 companies.
9. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : To help the students learn more about Artificial Intelligence and gain a greater understanding of its usage in Google's driverless cars and Sophia the robot
  - **b. Technical/Cultural Description** : High-level planning is relatively easy for humans, but for the industrial robot, it can be a struggle. Just as manufacturers are always trying to streamline the manufacturing process, engineers are always

### *Vashi, Navi-Mumbai*

looking for new ways to efficiently and easily train industrial robots. Artificial intelligence (AI) is an efficient method of teaching an industrial robot new skills. Google's driverless cars and Sophia the robot are some excellent examples of AI being used.

- **c. Outcomes :** This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Google's Driverless Car to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
- **d. Feedback :** This event was successfully conducted on 27/02/2021. The event started as well as ended on time. The students enthusiastically participated in the event and gained knowledge and understanding related to Google's Driverless Car.

#### Brief Activity/Event Report

1. **Name of the Activity/Event** : Financial literacy Seminar
2. **Activity/Event Venue & Date** : Zoom/26-02-2021
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : 50
5. **Student Coordinator** : **Council Incharge** -Mohit Kadam  
OC incharge- K.Julie Jose
6. **Teacher Incharge** : Prof.Rajendra Soni
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : To provide students with basic financial literacy skills and to teach them about wealth management.
  - **b. Technical/Cultural Description** : Teaching young people about money management creates a new generation of people who are money smart and financially literate. Everyone today is confronted with the question of how to handle his or her savings. Even people who are not interested in managing their personal finances themselves have to understand some basics about wealth management. The primary objective of this seminar is to provide students with basic financial literacy skills and have an understanding of “how money works in the world”
  - **c. Outcomes:** This event was conducted at a college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of

### *Vashi, Navi-Mumbai*

knowledge related to Financial Literacy to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.

- **d. Feedback:** As the teacher in charge, I found the session useful to students from a financial planning point of view right from student life. The session started on time and was very well organized and the conduction was also smooth. Student coordinators were very prompt in responding to the queries. Overall very well organized and timely conducted and very useful session. Apart from this, I found that some more expertise could have been involved with regards to the speaker.

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : **ELECTRIC VEHICLES SEMINAR**
2. **Activity/Event Venue & Date** : **TEAMS, 25th feb 2021**
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** : **90**
5. **Student Coordinator** : **Council Incharge - Sahil Mohite**  
**OC incharge- Loukik Raina**
6. **Teacher Incharge** : Ms. Bindu R and Ms. Mini N
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : In this seminar, students will learn about the engineering philosophy of the system of electric vehicles.
  - **b. Technical/Cultural Description** : The Electric Vehicles have taken the world by a storm in recent years, spearheaded by Tesla which now has worldwide revenue of \$11.8 Billion. Electric Vehicles are playing a larger role in popular modes of transportation. They are currently enjoying relative popularity in countries around the world for their eco-friendly nature. In this seminar, you will learn about the engineering philosophy of the system of electric vehicles.
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Electric Vehicles to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.

Electric Vehicles Seminar

### BS6 Different From BS4

- The norm will bring a change in the fuel, as the BS6 engine require BS6 fuel.
- A BS6 vehicle using BS4 fuel will not adhere to the BS6 norms.
- Required to distributing BS6-grade Petrol and Diesel at filling stations.
- BS6 fuel contains 5 times fewer Sulphur traces (10 parts per million).
- NOx (Nitrogen Oxide) level will be brought down by a staggering 70% for Diesel engine and 25% for Petrol Engines.
- The BS6 brings mandatory OBD (Onboard Diagnostics) for all vehicles.
- **RDE (Real Driving Emission)** will be introduced for the first time that will measure the vehicle's emission in real-world conditions against simulated conditions.
- Introduction of **DPF (Diesel Particulate Filter)** and **SCR (Selective Catalytic Reduction)** for Diesel engines.

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Cloud Computing meets Big Data Seminar
2. **Activity/Event Venue & Date** : TEAMS, 25th February 2021, 10 am - 12 pm
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** 61
5. **Student Coordinator** : **Council Incharge** - Anashwara Pillai  
**OC incharge** - Selin Sara Varghese
6. **Teacher Incharge** : Amruta P.
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
  - **a. Objectives** : The aim of this seminar is to provide complete understanding of concepts, characteristics and advantages of cloud computing. Cloud computing is a newly emerging technology hence students will get to know challenges in this field. This seminar will give them a solution to tackle those challenges
  - **b. Technical/Cultural Description** : The availability of data from every source imaginable is a game changer for companies. Because of the enormity and sensitivity of such data sets, it is important to keep it in a secure environment i.e the Cloud. As cloud adoption spreads far and wide, the option for enterprises to embrace Big Data also increases and the combination of these two yield excellent results
  - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of

## **Brief Activity/Event Report**

1. **Name of the Activity/Event** : Bug Hunter Competition(Find The Errors from the Code)
  2. **Activity/Event Venue & Date** : TEAMS ,27th feb 2021
  3. **Nature of Participants** : Students of Engineering
  4. **Number of Participants** 45
  5. **Student Coordinator** : **Council Incharge** -Ashley  
OC incharge- Celine Fernandes  
Loukik Raina
  6. **Teacher Incharge** : Mrs. Manita R
  7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
  8. **Brief Summary of the Activity/Event (in maximum 5-7 lines):**
    - **a. Objectives** : To help the students learn more about debugging as well as to make them familiar with the different types of bugs.
    - **b. Technical/Cultural Description** : A software bug is an error, flaw or fault in a computer program or system that causes it to produce an incorrect or unexpected result, or to behave in unintended ways. The process of finding and fixing bugs is termed "debugging". Find the bugs and resolve them to bring the final output in the shortest time to bag the prize
    - **c. Outcomes** : This event was conducted on college level and it had a good response from the students of FCRIT. The presentations gave a wide spectrum of knowledge related to Bug Hunter to the participants. Students were highly encouraged by the appreciations and suggestions by the experts.
- d. Feedback:** The bug hunter was a very well-coordinated and extremely well-managed event. Adequate time was given to the participants. At the same time, timelines were strictly followed.

#### **Brief Activity/Event Report**

1. **Name of the Activity/Event** : CAPTURE THE FLAG-STORY MODE (Cybersecurity Workshop)
2. **Activity/Event Venue & Date** : (TEAMS, 27th Feb 2021)
3. **Nature of Participants** : Students of Engineering
4. **Number of Participants** 45
5. **Student Coordinator** : **Council Incharge** - Sahil  
**OC incharge**-Koduri VL Tanuj
6. **Teacher Incharge** : Mr Vipin, Mr Shrikant
7. **ETAMAX Staff Coordinator** : Dr. Nitesh P. Yelve
8. **Brief Summary of the Activity/Event** :
  - **a. Objectives** : This workshop aims to provide basic and essential knowledge to all participants about cybersecurity. Topics covered under this workshop will help students to start their journey in the cybersecurity sector.
  - **b. Technical/Cultural Description** : Cybersecurity is one of the emerging sectors in the computer field. A Capture The Flag event is the best place for a beginner to learn various skills needed to begin their cybersecurity journey. The workshop emphasizes topics like Linux essentials, cyber trivia, digital forensics, networking, cryptography, steganography, shell reversing and various other cool topics.
