FCRIT - FACES 2021

FACES is our first festival for every academic year. It has therefore had a special place in our hearts since our first years at college, and we, the Student Council, hope to make FACES 2021 just as memorable. It is an intra-college event in which every Department takes part with zeal and passion. During this three-day gala, everyone's excitement is pumping because they want to gain points for their respective departments. FACES is that much-needed break in our oh-so-busy semesters; ergo come join in whatever interests you, as we make sure to offer something for everyone, and remember that the only rule is to have fun.

THEME: ORENDA

A mystical, spiritual energy present in everyone that empowers them to affect the world, or to bring a change in their own lives. There is a mystical energy present in some form which fills us with positivity, which encourages to achieve more in our lives.

ORENDA: OUR CAUSE

Orenda is the ancient concept of uplifting the spiritual presence using the belief of an astral being. FACES being an annual sports event is nothing less than a big change, a moment of happiness in this world of soul diminishing pandemic pain.

With Orenda we want to bring back the normalcy to this bland time in our lives and to add spice to it while providing motivation to do more than just ourselves. As a family as an institute, we will work hard to empower all and to uplift aura to the best of our capabilities.

Mane	om		9			scheduling, organising was very poor as there was only one council member handling the event he did work hard but if there had been more people from council then event would have gone smoothly, a game which should have took 12 min wouldn't have taken 1 hr for 1 batch

**GENERAL REPORT OF
FACES 2021**

1. **OUTCOME OF THE EVENT :** To organize the event to build the team spirit, sense of competition and social skill. Comparing previous years record and monitoring the development on Social Media. Post event Survey taken from Students helped us make this event a huge success.

2. **PROBLEM FACED BY US :** Engagement of Participants in the virtual events, Two-way Communication between the judge/ OC and Council In-charge and the participants, Time Constraint between the events.

3. **SOLUTION:** Keeping the event interactive and announcing the winners at the end so the student would engage with us and before ending the seminar asking the participants about the event and a vote of thanks for the judges made the engagement easier. QnA sessions at the end, feedback of the events/workshop helped us eliminate the two-way communication. Giving instructions about the events, having done everything priorly so that we face no issue during the event and conducting the event smoothly without any disturbances helped us in saving time.
