Seminar III

Approach towards Higher Studies and Competitive Exams

The third and final session of CSI-ACCESS 2017 emphasized the importance of soft-skills and building up a strong technical knowledge base by the engineers. The speaker, Mr. Ajay Pawar, an alumnus of our college, Fr. CRIT, talked on a wide range of topics – from business ethics, morals and values to preparing for competitive exams.

Mr. Pawar, first and foremost, impressed on us students the importance of ethics and the role they place in our day to day dealings. He also talked about ethics at the workplace. This was quite informative for final year students, who will soon make the transition from carefree students to serious and ethical professionals.

Mr. Pawar also motivated us to follow our dreams, and make the most of our life. According to him, he should be able to love our work, and also be the very best at whatever work we do. There may be times when we may fail, but we must never lose heart and strive to achieve our goals. Our work must be such that we must always be able to command a certain level of respect from our colleagues and people around us. Also, the goal of having a good career must not only be to earn money, but that it should give us joy and satisfaction.

We were also told about various prospects after the completion of our graduation. These include: joining a startup, joining IT of product based companies, joining PSUs, starting our own businesses, higher education (either in India or outside of India), getting a management degree, appearing for civil service examinations. Mr. Pawar elaborated on each of these and urged us to not go down the oft-beaten path or follow the herd, but do something different that really interests us. As an example, he cited the field of Research and Development in India, which lags behind due to various reasons. Research and Development is the need of the hour and he urged us to join this field for the growth and progress of our country.

All in all, it was a highly informative and motivational session.

CSI-ACESS 2017

The Computer Department student chapter CSI-ACESS organized a seminar titled **"Business Principles and Professional Ethics in Information Technology"** as a part of the inter college techno cultural fest Etamax 2017 on 23rd February 2017. The students of Computer Engineering participated in this seminar with lot of interest and enthusiasm.

The seminar began at 9 a.m. which was a 2 hour interactive session. The HOD, Mrs. LathaRagha, Asst. Teacher, Mrs. Shweta Tripathi and CSI president, Sachin George welcomed the Keynote Speaker, Mrs. Ancy Bejoy. The presence of the HOD, Mrs. Lata and Mrs. Ancy Bejoy was appreciated and they were honoured by presenting them a bouquet.

The Keynote speaker, Mrs. Ancy Bejoy, an alumna of Computer Engineering Department, batch of 1998, the first BE - Computer batch, is currently working as Sr. Project Manager with Credit Suisse Risk & Finance IT. With 18 years of experience in the IT industry, her domains include CAD-GIS, Medical Pacemakers, Logistics and Banking. She started her Keynote address by sharing her memories in the college as a student. The main content of her speech was Personal and Professional Ethics in the Corporate World. She focused on the need to maintain professional integrity with the help of ethics and discussed topics like insider trading, bribery, discrimination, social responsibility and confidentiality. The ethics that need to be maintained while dealing with the above mentioned topics were discussed. She also happily answered questions regarding life in the corporate world. Her talk was greatly appreciated.

The session ended with a vote of thanks given by Mrs. Shweta Tripathi. The students thereafter enjoyed the refreshments given to them.

The session left an indelible mark on the students. Her thoughts were of great guidance in knowing how to deal with various kinds of situations in the real business world. The seminar was organized successfully with unstinted support of the CSI committee and the Computer Department.

FH-18

CSI Computer Department Semina

The Seminar was conducted on Feb 2018. It comprised two sessions.

Session 1- Cybersecurity

The esteemed guest, Mr. Suresh Menon has been in the IT industry for more than 30 years. He has earned his merit as a Certified Ethical Hacker from the EC Council and also conducted various seminars on Cybersecurity. A fact he emphasized on was that the hackers fed on the greed and fear of people. And information was the new gold. Steal the ransomware and you have got all the access to any information about a person you need. The addiction to internet was cited as one of the main causes of cybercrime. Various types of cybercrime were explained such as identity theft, invasion of privacy, phishing, cyberbullying, counterfeiting or forgery. It was the need of the hour to preserve the integrity and the confidentiality of data. Mr. Menon described certain ways to stay safe from such cybercrimes such as 2-factor authentication and net safe banking. The session was made interactive by a few videos. 'Muh Pe Tala' by the Mumbai Police, warned the viewers to never input important personal information such as the ATM number or CVV. A humorous advertisement regarding password management was also shown. He even talked about a few professions related to the Cybersecurity field- Security Analyst, Cyber psychologist, CISO and CSO. The main message he aimed to drive home was, 'STOP, THINK, CONNECT.'

Session 2- Project Management and Finance Planning

It was yet another informative session by a decorated alumnus, Mr. Linto Kolancherry. Mr. Kolancherry had graduated from our college with a Bachelors' Degree in Computer Science in 1998. He is now an IT architect,

gtr

with nineteen years of working experience in the IT industry. Capgemini and Tata Communications are some of the top companies he has worked with. At first, he explained the Project Management principles. He emphasized on their importance, by citing the examples of architectural marvels such as the Burj Khalifa and the Bandra Worli Sea Link. Hence, he defined project as an individual or a collaborative enterprise which possibly involved research and design that were carefully planned. The various phases of a project- initiation, planning, execution, monitoring and controlling and closure were described. Mr Linto then talked about Finance Planning, which is the lifeblood of a business organization and the key to a successful project. Finance comprised two related activities, the actual process of acquiring funds and management of money.

After this session, the winners of the Cryptex competitions- Decrypto and Technical Treasure Hunt were felicitated. These competitions had been conducted for the second year students of the department by the Cryptex Committee.

Decrypto

To: critplacement@gmail.com, critplacement@fcrit.ac.in

Dear Ashish Sir,

As discussed, please find attached the Placement Training Program (PTP) proposal and the list of company specific test.

We will be conducting the demo session on 29th and 30th of June as per the following schedule:

1) 29th June - Monday - Quantitative Aptitude

10.00 - 12.00pm - QA Session

12.00 - 01.00pm - Lunch Break

01.00 - 03.00pm - QA Session continued

2) 30th June - Tuesday - Verbal Aptitude

10.00 - 12.00pm - VA Session

12.00 - 01.00pm - Lunch Break

01.00 - 03.00pm - VA Session continued

We will reach by 9.30am at your campus so we could start the session on time. We assume the no. of students to be approx. 100.

Please revert to confirm the same and please let us know if any changes are required.

Thanks & Regards,

Shirish Yadav
