

Fr. C. Rodrigues Institute of Technology, Vashi

(An Autonomous Institute & Permanently Affiliated to University of Mumbai)

END SEMESTER EXAMINATION TIME TABLE - SECOND HALF OF 2025

Sem	Dates	Time	Computer	Mechanical	EXTC	Electrical	IT
Ш	Saturday, 22 November, 2025	2:30 pm - 4:30 pm	Engineering Mathematics - III	Engineering Mathematics-III	Engineering Mathematics-III	Engineering Mathematics-III	Engineering Mathematics-III
	Tuesday, 25 November, 2025	2:30 pm - 4:30 pm	Discrete Structures and Graph Theory	Mechanics of Solids	Network Theory	Circuit and Signal Analysis	Computer Organization & Architecture
	Thursday, 27 November, 2025	2:30 pm - 4:30 pm	Data Structures	Material Science and Engineering	Electronic Devices and Circuits	Elements of Power System	Data Structures & Analysis
	Saturday, 29 November, 2025	2:30 pm - 4:30 pm	Database Management System	Thermodynamics	Digital Circuit Design	Renewable Sources and Energy Storage	Database Management System
	Tuesday, 2 December, 2025	2:30 pm - 4:30 pm	Digital Logic and Computer Organization Architecture	Industrial Electronics	Data Structures and Algorithms	Electronic Components and Circuits	Digital Logic Design & Analysis
Λ	Friday, 21 November, 2025	2:30 pm - 4:30 pm	Theoretical Computer Science	Mechanical Vibrations	Signals and Systems	Electrical Machines	Automata Theory
	Monday, 24 November, 2025	2:30 pm - 4:30 pm	Software Engineering	Fluid Mechanics and Machinery	Digital Communication	Protection and Switchgear	Artificial Intelligence
	Wednesday, 26 November, 2025	2:30 pm - 4:30 pm	Microcontrollers	Electrical Drives & Control	Cloud Computing	Microcontrollers	Internet of Things
	Friday, 28 November, 2025	2:30 pm - 4:30 pm	Program Elective-I : Data Mining & Business Intelligence	Program Elective-I : Finite Element Analysis Computer Aided Engineering	Program Elective Course-I : Computer Communication Network Robotics	Program Elective Course-I : Advanced Power Electronics Electric Vehicle Technology	Program Elective Course-I : Cloud Computing Services Data ware Housing & Mining
	Monday, 1 December, 2025	2:30 pm - 4:30 pm	Honors / Minors: Knowledge Engineering / Aritificial Intelligence and Machine Learning / Fundamentals of Logistics Management / Sensor & IoT Protocols / Solar Energy Systems / Cybercrime & Cyber Security				
VII	Saturday, 22 November, 2025	10:30 am - 1:30 pm	Machine Learning	Design of Mechanical System	Microwave Engineering	Electrical Drives & Control	AI and DS –II
	Tuesday, 25 November, 2025	10:30 am - 1:30 pm	Big Data Analytics	Logistics and Supply Chain Management	Mobile Communication System	Electrical Power System III	Internet of Everything
	Thursday, 27 November, 2025	10:30 am - 1:30 pm	Department Level Optional Course-3 : Natural Language Processing	Department Level Optional Course – 3 : Renewable Energy Systems Vehicle Systems	Department Level Optional Course-3: Cloud Computing and Security Big Data Analytics	Department Optional Course – 3 : HVDC Transmission Systems Internet of Things	Department Optional Course –3 : Software Testing and QA
	Saturday, 29 November, 2025	10:30 am - 1:30 pm	Department Level Optional Course-4 : Block Chain	Department Level Optional Course – 4 : Machinery Diagnostics	Department Level Optional Course – 4: Internet Communication Engineering	Department Optional Course - 4: Microgrid and Smart-grid	Department Optional Course –4 : Quantum Computing Information Retrieval System
	Monday, 1 December, 2025	10:30 am - 1:30 pm	Institute Optional Course – 1: Reliability Engineering / Operation Research / Cyber Security and Laws / Disaster Management & Mitigation Measures / Energy Audit and Management				
	Wednesday, 3 December, 2025	10:30 am - 1:30 pm	Honors / Minors: AI&ML in Healthcare / Data Science for Health and Social Care / Dynamic Paradigm in IoT / Automotive Controllers and Auxiliary Systems / Security Information Management				

Dr. Sanjay Rukhande Controller of Examination
